SUBJECT:
Indalo Funding. DOE A009

DISCUSSION:

Emilio just received information from DOE concerning funding for Indalo for the current funding period (Feb 89-Jan 90). The document requires his signature. He then returns it to DOE and they will forward a check to him via the U S embassy in Madrid. I mentioned that I had just learned yesterday that DOE had sent the letter 2 weeks ago. However, I did not know where the letter had been sent and I was attempting to find out before I called.

Iranzo said the document mentions the 200K\$ funding for the period 1 Feb 1989 thru 31 Jan 1990. However, the letter also mentions a period of performance that ends 1 May, 1990. Also the address used was JEN rather than CIEMAT. The person in DOE who signed the letter was Jack Peel in the Office of Procurement. The renewal agreement # is A009. I advised Emilio to sign the letter and return it as soon as possible with an address correction and a request for clarification about the 1 May date. I know nothing about that date or what it might mean. He agreed to do so. At the November 1988 meeting in Germantown we all agreed to change the dates of the contract period so the dates would correspond to the U S fiscal year.

He also asked about the remaining 200K\$ to come from DOE/DP as agreed to last November. I asked about the work plan he promised to produce. He is working on it but has not been overly excited because of the long delay (since November) in receiving the promised funds. This delay in addition to the two year interruption in funding.

I said I would talk to Dobry in DOE to see what I could learn.

CONCLUSION OR AGREEMENTS

I will call DOE and ask about the 1 May 1990 date. I will also ask about the status of the remaining 200K\$ for this contract period (to come from DOE/DP rather than DOE/ESH). I don't know if Dobry's request to his management to assume responsibility for the Indalo program was ever accepted. I managed to contact John Ahlquist in DP. He will check around and call back. We may need to talk to Peel. We also need to look into the question of changing the contract dates to correspond to our fiscal year.
